LIFE BY LUCIE

In 2019, I wrote a manifestation “scripting letter” and *everything* came true within a 6 month period.

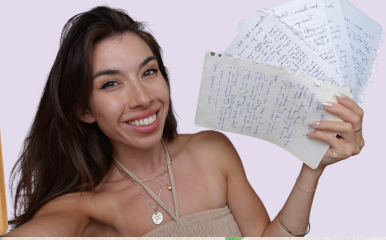

Since then, I’ve written many other Scripting letters and almost everything I’ve written has manifested. (Or, in some cases, I’ve been lead to something even *better* for me.) It’s wild!

I’ve now shared this method with over *1 million* people, and the results other people have been getting **BLOW ME AWAY**.

Results may vary, but I have created this workbook to help as many people as I can to also use this Law of Attraction technique to manifest the things that you want with great success!

Hi Lucie

I just wanted to say that I wanted a new laptop for really long time and I wasn't able to get so I tried scripting and I wrote that I will be able to get it till 17th nov and today I finally got one!!! 🥳🥳🥳

Hi Lucie, I've been following Abraham Hicks for years now and for some reason came across your videos on YouTube on Thursday. Immediately scripted my letter to the Universe and things are starting to shift and align already I can't believe it! Wanted to say thank you, your videos resonated with me so much and this is the first time any manifestation tool has ever

It was because of this 🙏🥳🥳

13:42

Every day since that day I wrote down what I want to happen and it's happening right before my eyes

First, I have to say thank you. A friend recommended you to me and I started with the scripting video. I wanted two new cars (one for me one for my husband), my kids to go to summer camp, and my kids to go to a specific school. All of it came true! I was so blown away by the cars,

Dear Lucie, I have a success story for you! After just once reading my scripting letter, I now no longer have a sleeping/circadian rhythm disorder, something that I had struggled with for over 40 years. I have now manifested a daily schedule that fits my life and allows me to be happy and productive. Thank you for your videos.

All of my scripting letters since December 2020 I've started thanks Lucie 90 percent came true. I am on my 39th scripting letter and I LOVE it. 🥳🥳🥳. My letters are definitely long as they are in details written and I put all of my positive energy vision it and I take my time and for some reason for me works really fast when I write in colored pens mixed up I read it 3x in the morning 🌞 and 3x before sleep ❤️ and I just let it go I don't bother it and BOOM one day I am in Switzerland the next day I am in LONDON just returned back to USA as I was all over in Europe for 3 months for my 37th birthday and written it all down on March 2022 or September 2022 and it came true Dec.2 2022.

2021 I wrote my scripting letter read it every day about it and about scripting. Today I came across surprise all the things I wrote down back in 2021

Hey Lucie, I just wanted to thank you! I followed your scripting technique and the first thing if my letter came true yesterday 🥳

I write, visualize for a view days and forget them... then after some weeks or months I think back and realize 60-70% of this I wrote have come true ❤️

EVERYTHING I've scripted literally came true. Everything. You must believe with 100% conviction that IT IS DONE IT IS YOURS and let

So I needed a new car. Uber was killing my pockets. Started doing a manifestation technique and said that they next car that is offered to me I will take and it will be a great car. I also wanted it to be a dark blue. Everyday a few times a day I would do the technique. Then a coworker came to me out of nowhere and said I see u taking uber and I'm thinking of getting a new car do u want to buy mine. Of course I jumped on the offer and it was a beautiful chevy all black. He let me pay it off and it all mine. He's the kicker. The chevy logo in the back of my all black car is dark blue. She's my baby.

6 months ago I accidentally bump in your youtube channel, I watched your scripting successful stories. From that day I start scripting, but I don't read it everyday instead I write it everyday my goals in present tense, some I've written came true already. 🙌. Thank you Lucie. Your an inspiration too 🥳

Not sure if I told you I did the letter thing and wrote down I wanted to be a lead character in a Netflix tv series, 6 months later it happened! A firm fan of yours forever now! Can't thank you enough Xxx

I wrote my scripting letter in the beginning of 2021. I had three main points I wanted to manifest which were: 1. My perfect body which is 65kg. 2. Money flowing abundantly into my bank account. 3. To attract back a loving relationship with my ex who is my soulmate.

I could not believe it! I manifested all three in 3 months.

1. I manifested my current relationship. The way we met, the way everything started was exactly how I described in the letter. It was easy, fun, and our connection is insane. BONUS: He matched the description of my "ideal partner" that I wrote down in a diary, 5 years prior to meeting him!
2. I manifested a new business and collaborations on Social Media. I was contacted shortly after writing in the letter, by 2 creators in California, to promote their work. And I started my YouTube Channel about "Living a Limitless" Life
3. And this is the real deal... I manifested moving to another country during the pandemic to a place I've never been before, without knowing the language even. All in the span of 6 months. I wrote in the letter that I will be guided and it will be easy, against all odds, and in spite of the world situation.

I'm an independent educational psychologist. I put on my letter for 5 new high paying regular clients. Today my 5th registered.

I've run no ads, ppl called just out of the blue.

This happened within a span of a month!

just blessed 🙏 1 month ago
4 months ago I also wrote a script n read it for 30 days n 3 of my wishes came true 🙌❤️

LIFE BY LUCIE

There are different variations, but the following is my favourite form of Scripting:

I write a letter in the form of a THANK YOU note, for the things that I want, AS IF they have all already manifested into my reality.

I have included a template on page 12 that you can fill in to create yours!

WHY DOES IT WORK?

1

You're 42% more likely to accomplish something if you write it down and look at it daily.

2

A key part of scripting is the time of day in which you do it (when you wake up and just before sleep). These 2 times of day massively influence your brain's focus and your subconscious mind is most "open" to new programming.

3

Your mind fears the unknown & unfamiliar. That's why change can be scary, even if it's good. Scripting allows your brain to become FAMILIAR with the reality you want to create, making you less likely to hold it away from yourself.

4

One of the most revered manifestation teachers, Neville Goddard said, "FEELING is the Secret." Reading your scripting letter helps you to visit the FEELING of having what you desire again and again.

THE SCRIPTING PROCESS

Overview of the Process:

Step 1:

Write it. (I will guide you through the process on the next pages!)

Step 2:

Read it to yourself morning and night, with FEELING, for 30 days.

Step 3:

Put it away somewhere safe, and move on with your life. Let it go, the seeds of your manifestation have been planted. Stay open to signs, take action and notice what starts to shift in your life in the months to come!

IMPORTANT!

The secret is to express on the letter how you will FEEL when you manifest the things that you want. For each thing on your letter, write ONE sentence stating what you 'have' manifested, followed by ONE sentence on how you now FEEL/what that means to you to now be living that life.

LIFE BY LUCIE

LET'S PREP...

1. **"Dear..."** You can address your letter to whoever or whatever you feel a connection to. Who do you feel hears your prayers? It could be God, Allah, your Guardian Angels, etc. You can also choose to write it to someone who you expect to meet one day to thank for their help, for example I wrote my first letter to Esther and Abraham Hicks, because they taught me this technique.

Who are you going to write your letter to?

LIFE BY LUCIE

WHAT TO PICK?

2. You can manifest anything within what YOU BELIEVE is possible. This can be goals related to health, finance, love, relationships, work, and any other form of success or growth that you want in your life.

Take your time to get real clarity on what you want in life. Not what your friends or parents want, not what you wanted 10 years ago. What does this version of you want now? Let everything else go.

What do you believe is possible for YOU to manifest within the next 6-12 months? Let's pick up to 5 things now:

What do you want?

**How does it make you feel?
How is life different?**

IMPORTANT: Focus on what you want to improve from a place of self-love, not self-hate. If we're approaching our goals from a place where we feel like a failure, like we're not good enough, or that we are behind, this is contracted energy. For example, if you want to manifest more money, instead of thinking, "Ugh, I'm so sick of being broke, I desperately NEED to make more money this year," approach the same goal differently, like this: "I'm excited for more money to flow into my account this year!"

YOU'RE READY TO SCRIPT!

Now that you have got clear on what you're going to include on your Scripting letter, AND you also have got clear on how you'll feel/how your life will be different when it manifests, you're ready to put it together and create your scripting letter!

On the following page is a blank template which you can follow to create your very own scripting letter.

Energy check in:

Before you write your letter, meditate for 5-10 minutes and visualise that it's all already done. How does it feel to be YOU, now that it's done? Then put pen to paper.

Remember that you are a vibrational being, and you attract whatever you are radiating. The letter is not magic... it's a TOOL to help you to change your state to one where you are RADIATING abundance, self confidence, gratitude, peace, etc.

IMPORTANT STEPS!

Play some high vibrational meditation music and spend a few minutes reading your own Scripting THANK YOU letter. Read it over and over again, FROM the p.o.v. that it has all happened. Let it transport you there and fill you with joy and gratitude!

Pop today's date on the BACK of the letter, for future reference. In the months/years to come when it has all manifested, it will be useful to see when you wrote your letter!

Put the letter on your bedside table/night stand. You are going to read it to yourself every morning AS SOON as you wake up, and also every night before bed, just before you turn out the light and fall asleep. Do this for at least 30 days and then you can put it away somewhere safely.
